She pulled the trigger and the gun fired, sending a bullet through his arm and into his side, piercing his liver.

PROHIBITION FIGHT ACUTE.

Decatur County Fight To Be Settled Next Tuesday.

Bainbridge, Ga., March 23.—The prohibition fight is now on in Decatur county. It will be held next Tuesday. The situation grows daily more intense. Wednesday the barrooms in this city voluntarily closed their doors, deposited the keys to their stores in a safety deposit vault in a bank and agreed on a forfeit of a large sum of money if any owner or employee should open or sell whisky between now and the election, the purpose being to give the people a taste of prohibition. Both sides are claiming the victory. Both sides are engaged actively, and much warmth has been engendered.

Bainbridge has eleven barrooms, which pay the city a license tax of $1,000 each per annum, beside the ad valorem tax on the property and stock. It is argued by the anti-prohibitionists that if the election results in favor of prohibition a large deficiency will be created in the city's revenues, which will have to be made up by increased taxation. This argument is replied to by the prohibitionists who say the ultimate consequence of the enforcement of a prohibition law will be for the city's good.

News Suspends at Americus.

Americus, Ga., March 23—Surviving less than thirty days, the Americus Evening News, launched on Washington's birthday, announced its suspension with Thursday's issue. Editor Trimble was not accorded the support, assured him by parties here and realizing that the field was fully covered by the Times-Recorder, the long-established morning paper, he decided to suspend publication. This is the twelfth unsuccessful attempt to establish an evening paper in Americus, each resulting disastrously in a few weeks.

Found Pot of Gold.

Sergent, Ky., March 23.—After a search extending for about twenty years, Mrs. Mary Jane Mullins, aged 106, unearthed an old pot containing $6,000 in gold and silver coins from an abandoned lot on the farm of her father, the late Benjamin Osborne, on Shelly creek, above here, on the Letchan county border. The old man died 20 years ago, leaving a fortune of $10,000 buried somewhere on the old farm. Mrs. Mullins will continue to search for the remaining $4,000. Some of the coins are rare and valuable.

Mills Blow Up at Birmingham.

Birmingham, Ala., March 23.—Birmingham was startled early Thursday night by two terrific explosions at the Birmingham powder mills, 7 miles north of this city. The mixing and pressing mills blew up in quick succession and a firebrand struck Julian Brogham, igniting his clothing and burning him dangerously about the body. Several other ebployees standing in the vicinity escaped unhurt. The explosion shook the buildings in every section of Birmingham.

Now Stoves Go Up in Price.

Birmingham, Ala., March 23.—It was learned that at a meeting here of the southern stove manufacturers at which thirty-four were represented, it was practically agreed to advance prices 5 per cent because of the high price they are paying for iron and steel and advanced cost of labor. The meeting was held in executive session.

Houston Makes Big Bond.

Eufaula, Ala., March 23.—The trial of W. H. Houston, charged with murder, was held over on a $2,000 bond, which he easily secured. He was marshal at Clayton, and shot George Ball on March 9. His preliminary trial has been going on here ... for the

BURTON IS FREE; WILL PUBLISH PAPER

Quits Jail With Determination to Write and Talk.

HE HAS MALICE TOWARDS NONE

Says that He Will Edit a Newspaper and Take Lecture Platform to Let the Public Know that He Is Innocent.

Ironton, Mo., March 23.—Joseph Ralph Burton, who until his conviction in the federal court, was United States senator from Kansas, was Friday morning released from the county jail here, having completed his sentence of six months, imposed when he was found guilty of violating a federal statute by appearing before a governmental department as the paid representative of an alleged "get-rich-quick" concern of St. Louis.

Burton entered the jail Oct. 22, 1906. His release is due to the law which provides for a deduction of the sentence for good behavior. Burton's sentence also included a fine of $2,500 and the statute under which he was convicted debars him from ever holding an office of trust or remuneration under the federal government. The fine, which has not been paid, will be held over him as a civil judgment.

On leaving the jail Burton gave out the following signed statement:

"This is the first signed statement I have made for publication since the day I was indicted. The impression has gone out that I propose to live for revenge. This is a mistake. I have no such purpose. The wrongs done to me are the wrongs of others. Vengeance is thought to be noble only by the ignoble.

"'Vengeance is mine, saith the Lord,' is the philosophy to which I have always subscribed in the past and to which I shall adhere in the future. I am a thousand times more solicitous that I shall not wrong another than I am concerned about the wrongs others have done, or may do, to me. In saying this, however, I do not pretend to have more than two cheeks. Nor do I think that it is wrong to rebuke hypocrisy.

"I return to my home at Abilene, brimful of life and hope. Only my body has been in jail. My mind has been at all times free; sustained with the knowledge that I am innocent. I shall take up my life's work with malice toward none, and charity for all. I shall talk and write. With pen and tongue I shall stand for policies and principles that I believe will make for the general good and oppose such as I think are bad. It is bad polices that make bad men and bad government; while true policies make good men and good governments. My fight shall be against measures rather than against men. I shall have charge of a newspaper unless there is a fraud order issued against it before I can arrange for its publication. It will reflect my ideas. It is to be one of the agencies in the work I hope to do. I shall talk when I am not writing and shall write when I am not talking. The history of my case, already prepared, will appear in serial form, first, in the paper. The story will not be sensational; it will be truthful. Interwoven with the history and a necessary part of it will be a discussion of certain conditions in our legislative, administrative and judicial government, that, I think have escaped the attention of the average citizen.

"I will not now go further into my case nor my plans and purposes. The first statement will be made on Saturday evening to my home people; then there will be more to follow.

(Signed) J. R. Burton.

Gets Seven Years in Prison.

Charleston, S. C., March 23.—George Townsend pleaded guilty of impersonating a pension examiner in the United States circuit court Thursday and was sentenced to serve 7 years in the Atlanta prison. Townsend operated under many aliases in Georgia, South Carolina and other states for several years. He was ... Sumter, S. C.

ASSAULT ON EXPRESSMAN.

Is Knocked on the Head and Thrown from the Train.

Palestine, Tex., March 23.—As No. 4 train on the International and Great Northern (northbound) was leaving Elkhart, 12 miles below here Thursday night, Express Messenger Winsley Womack, of the Pacific Express company, was knocked on the head and thrown out of the car.

The messenger was not missed until Palestine was reached, and a little later a telephone message was received from him at Elkhart, stating that he had been assaulted by robbers.

The safe in the car was open when the train reached Palestine. The sheriff and a posse is leaving Palestine on a special train for the scene of the robbery.

Was Little Money in the Safe.

Houston, Tex., March 23.—E. E. Bane, local agent for the Pacific Express company, said when told of the express robbery, that there was not over $500 in the safe when the train left Houston, and he thought it impossible that more than that sum would have been taken between here and Elkhart.

No Negro Waiters for Him.

Chicago, March 23.—A dispatch to the Tribune from Little Rock, Ark., says that Senator McKnight introduced a bill in the senate Thursday making it unlawful for negroes to wait upon or serve white persons as porters on trains as barbers or as waiters in restaurants or hotels, and equally unlawful for white servants to wait upon negroes. Senator Amis, in opposition, said the bill was to prevent negroes from waiting on whites, and moved that it be rejected. Senator McKnight made a strong plea for the measure, denying that the prime object was to prevent negroes from serving white people. "It's to prevent negroes from taking white women about the waist and helping them off the trains," he said. "Why, my wife is afraid to come to town alone because she is waited on by these blacks." Senator Amis withdrew his motion to reject the bill, and it was read a second time and referred to the committee on agriculture.

Telegraphers Get Increase.

Washington, March 23.—It is understood that a settlement has been practically reached between the Southern railway and the telegraphers, as a result of which the telegraphers will be given a very substantial increase in pay. The new managers of transportation, J. N. Seale and M. M. Richey, together with Superintendent E. H. Copeman, have been in consultation with representatives of the telegraphers for several days. All parties appear to be satisfied with the progress of affairs, and say that a final decision of remaining contested points will probably be reached soon. The decision will be officially announced on Saturday. It is understood the railway officials readily agreed that the telegraphers were entitled to more money, and that the conference has progressed most harmoniously.

Grand Jury Indicts Itself.

Chicago, March 23.—A dispatch to the Record-Herald from Rolling Fork, Miss., says that every member of the grand jury in the circuit court here Thursday indicted himself for violating the Sunday liquor law, and each appeared before Judge Booth and was fined $10, with a lecture from the bench. The self-indicted grand jurymen also returned bills against several petit jurors for the same offense. A religious wave, following a Methodist revival recently swept over Sharkey county, and people of high and low degree are purging themselves.

Sentenced for Boy's Murder.

Elizabeth City, N. C., March 23.—Joshua Harrison, who was convicted of the kidnaping and murder of Kenneth Beasly, a son of State Senator Beasley, two years ago, has been sentenced to twenty years' imprisonment, after a motion in arrest of judgment had been denied. Notice of appeal was given and sixty days were allowed in which to bring the case before the supreme court, Harrison being admitted to bail in the sum of $3,000.

GRAND JURY MAKES ATTACK ON PREACHER

Johnson County Stirred By Indictment of Minister.

CHARGE OF PERJURY IS MADE

Indictment Seems To Be Echo of a Church Quarrel which Occurred in 1902—Flanders Brought Matter Up In the last Legislature.

Wrightsville, Ga., March 23—Rev. E. F. Morgan, formerly pastor of the Methodist church here and now presiding elder of the McRae district, was Thursday indicted by the grand jury on the charge of perjury.

The bill purports to be based on certain testimony delivered by Mr. Morgan at the trial of the slander case by Flanders against Judge A. F. Delay, on the 22d of March, 1902. Four grand juries have passed since the alleged false testimony was given.

Mr. Morgan was pastor of the Methodist church in this city in 1902 and Flanders was a local preacher. Mr. Flanders was tried and expelled from the church and deprived of his license as a local preacher. Mr. Morgan was a witness at the church trial.

Last summer, while a member of the legislature, Flanders made one of the most sensational attacks on Morgan and other parties ever heard on the floor of the house. He did that under the plea of personal privilege.

Faces Murder Charge.

Atlanta, March 23.—Following the verdict of murder returned at the inquest John Clark, the convict who killed a fellow convict at the Chattahoochee Brick company's plant early Wednesday morning by striking him a terrific blow on the head with a monkey-wrench, was turned over to the sheriff on a warrant sworn out by Coroner Thompson. Clark is now in jail and will probably be tried for murder at the next session of the superior court. The killing committed by Clark Wednesday is the fourth that is charged to him, as he was already serving a life sentence for the murder of three negroes.

Wins Third Championship.

Chicago, March 23.—Miss Rose L. Fritz, two-time winner of the national championship typewriting contest at the coliseum Thursday night, won the championship for the third time, winning permanently the silver cup offered, and breaking the world's record for copying dictation from short hand notes. The record she established was 2,445 words in thirty minutes. This is 200 words better than her last record, which was made a year ago at the contest held at Madison Square Garden, N. Y.

Chicago Limited Wrecked.

Pittsburg, March 23.—The Chicago Limited from New York for Chicago on the Pennsylvania line, while going about 35 miles an hour, was wrecked early Friday at Stewart, Pa., about 17 miles east of here. The engine and the first five cars were derailed, but no one was hurt. The passengers were transfered to the three rear cars and continued on their journey. Among the passengers on the train was Tom L. Johnson, Mayor of Cleveland.

Injured in a Wreck.

Detroit, Mich., March 23.—A dozen people were injured Friday, two of them fatally, when an in-bound Lake Shore train struck a Fourteenth avenue street car. A number of the injured were children on their way to school.

Sentenced to Death.

London, March 23—Horace George Raynor, who on January 24 shot and killed William Whiteley, the "general provider" of Westbourne, has been tried and convicted. He was sentenced to death.

Curtains Have Been Removed.

New York, March 23.—As a result of the crusade made by the board of health, all curtains covering fire exits of the different theaters were removed Thursday.

A WATER FAMINE IS PROMISE HERE

If Consumers Are Not More Cautious in Use of Water.

POOLS ARE GETTING VERY LOW

Difficult to Keep Sufficient Water for Domestic Purposes, But Supt. Miller is Determined to Protect Property Owners Against Fire.

This drought is getting serious, and it not only affects those to whom we must look for the things we eat raised from the ground, but it is affecting everybody—even those who desire to use water for domestic purposes, or the pedestrian who is compelled to trudge along the streets before a heavy breeze, his eyes filled with the fine granulated refuse from the surface of the streets.

The water is low—the lowest it has been for a long time, and inasmuch as Superintendent Miller of the waterworks is required to keep a sufficient supply on hand for reasonable adequate fire purposes, it is no wonder that the supply is low.

It has been said by parties who are in a position to know that the pools at the waterworks are lower than they have been for years, notwithstanding the fact that the facilities have been increased within the past three or four years. This has been caused by the long continued drought. The numerous spring are yielding slowly, and if some relief is not afforded soon the city may have to begin sinking artesian wells.

Under these conditions, it is the duty of the people of Gainesville who have lawns and gardens, to exercise discretion in the use of water, if they do not desire to bring on a water famine. Notwithstanding the fact that these consumers are on the meter system, paying for what they consume, some consideration should be felt for the convenience of others who need the water for actual domestic purposes, and who may be made to suffer on account of an overuse or waste through lawn or garden hose.

It has been athentically stated to The Sun reporter that under the present conditions it is necessary to shut down the pumps to the lowest possible point, to prevent pumping the pools entirely dry. Superintendent Miller is quoted as saying that he proposes to retain a sufficient amount of water to quench any reasonable fire, regardless of consequences or censure, and he is correct in the minds of the people, as a fire without water would probably prove a most serious catastrophe.

Use precaution in the use of your hose, and the difference will be noticed in a little while.

Letter to R. T. Schafer, Gainesville, Fla.

Dear Sir: If you should bake bread that people like better than any other, and at less cost by the day, you'd have a pretty good business wouldn't you?

We have just such a business as that in paint; a gallon goes further than any other gallon of paint in the country—that's bread at less cost by the day; but the difference isn't so small as it is in the bread. And a job wears longer—that's bread at less cost by the year. People hate to paint; it costs money to paint; and they hate the fuss. They like our bread by the year.

If your bread is better than anybody else's, and ... too, you've got a good trade; for people do like good bread; and people like money. It doesn't take long to find out; give 'em time.

But you can't bake better than anybody else's bread for half the usual price for a breakfast, can you?

Devoe is just such paint as that. The price by the gallon or loaf is no matter. Count by the day, week, month, year, lifetime. Devoe is the bread. We hope yours is as good.

Yours truly,
24 F. W. DEVOE & CO.

P. S.: The S. J. Thomas Co. sell our paint.

AN OPEN LETTER TO THE VOTERS OF THE CITY OF GAINESVILLE

Friends and Fellow-Citizens:

In a pamphlet addressed to you a few days ago, speaking of the false reports and malicious insinuations being covertly circulated by a few disgruntled and more or less irresponsible citizens, of which every growing town has perhaps its share, I said: "These same fellows have also been trying to make capital out of the fact that in our street improvement contract is being bought from the Baird Hardware Company, and that W. R. Thomas' teams have been doing the hauling. With regard to this letter, I propose to reply at length in a day or so." In compliance with this promise, I address you this communication.

It is charged that I am a stockholder in the Southern Fuel and Supply Company, with which the Board of Public Works has a contract. I wish to say that the charge is absolutely false. I do not own a dollar of stock in the company, have never owned a dollar of stock in it, nor have I ever had a dollar of the stock offered me. I do not mind saying, however, that if I was assured that it is a paying concern, and I had some idle money, I would not object to owning a good sized block of shares in it.

The Board of Public Works has at its disposal only $10,000 for city improvements. This money was voted for this purpose almost unanimously by our citizens. When this $10,000 is exhausted all public improvements at the city's expense must cease, unless another election is called and additional money be voted. There will be no more public improvements except possibly sidewalks, and these will not be built on any street where a majority of the property owners do not petition for them, after this money is expended, unless the public spirited citizens call an election for the purpose of voting additional funds. The people control this matter entirely. If a majority of the people want the public improvements to continue, they will continue; if the majority want them to stop when the present fund is exhausted, they will stop. *The people themselves*, not the City Council nor the Board of Public Works, are the ones who *regulate* and *control* this matter.

I have favored and still favor a liberal spirit of public improvement, because I believe it is the only way to build up an attractive city and maintain a growing and prosperous community.

As an evidence of my faith in the class and character of the work the city is doing, I wish to say that I have already had over $10,000 worth of this work done for myself. The city has up to the present time expended about $5,000 for the improvements so far completed. I have personally expended over $10,000. In other words, up to the present time I have personally expended over $5,000 more for these improvements than has come out of the city treasury, or over *two dollars to one;* and yet there are some people who object to the fact that I have been hauling the rock and the sand, over two loads of which went into the work I was individually paying for to every one that went into work paid for out of the city treasury! I wonder if these same people would not object to my doing the hauling if the other load went also into work I was individually paying for?

All sorts of surmises, suspicions, insinuations and charges are being industriously circulated with regard to the present contracts for city improvement.

If the individuals engaged in this business are honest and mean to be perfectly just and fair, why do they not go to the Board of Public Works and examine the records for themselves? The transactions of the Board are all on record, and freely open to the inspection of the humblest taxpayer in the city. But facts are not what they want. Facts would not suit their purpose.

It is charged that citizens are not allowed to put down their own sidewalks, etc. This is absolutely false. Lots of our citizens have had the work done themselves. Maj. W. L. Floyd, Sam Davis, L. J. Beckham, Mrs. Mary Thomas, and others had their work done by private contract by Williams & O'Neill. Dr. Hodges and Philip Miller also put down their own walks, etc. A. E. Wittenck and some others on Church street asked for and were granted the other day the privilege of putting down their own walks. There has never been a street improved the citizens upon which were not given the privilege of having the work done themselves. In fact, the ordinance itself under which all improvement is done expressly provides for this.

So far I have heard of only two citizens of Gainesville objecting to the improvements already placed abutting their property.

This information is given for the benefit of those who are honestly seeking the light and who want to do the right thing by the city. I know there are some good men who have allowed themselves to be misled, and who only need to have the facts presented to them to come to the support of the administration that is honestly and earnestly working for the upbuilding of the city.

We expected to be fought by The Elevator—which name, by the way, is the greatest misnomer on record. It has fought the Bible Conference; it has fought public improvements notwithstanding they have never cost it a dollar; it has fought the city government; it has attacked our county commissioners; it would long ago by its foolish utterances have driven from Gainesville the sympathy and support of such sister cities as Live Oak and Ocala had not the good editors of the press of those cities refused to hold Gainesville responsible for the bray of its one little ass; and it is now attacking the Hon. Frank Clark, who is in position to be of inestimable benefit to this entire district, which contemptible attack I, in common with all his other friends, greatly regret that he felt called upon to dignify with a notice.

We are sorry for The Elevator. We fear the climate here has soured what milk of human kindness nature had originally given it. Like the Irishman in the story, it seems to be "agin the government," and out with the world generally. Its spirit and influence, what it has, makes for anything rather than elevation. Our advice, and we give it gratuitously, is that it take, from Powell of The St. Petersburg Independent, a few private lessons in optimism and public spirit, and learn how to smile, and then put its shoulder to the work and help push things up, instead of down. This, however, may be too much to hope for, as we believe the paper was brought into being by, and is controlled in the interests of that foreign corporation that is, has been, and, so long as the people permit, will continue to be, engaged in the business of robbing our people. I refer to the Gainesville Gas and Electric Light Company.

At a public meeting last Monday night that packed the court house from pit to gallery, a municipal ticket was nominated by the citizens assembled. Every man on that ticket is pledged to municipal ownership. The platform which was adopted before the nominations were made expressly commits those accepting nominations on it to that doctrine. All the nominees of that meeting are in honor bound to this principle, and have so declared themselves.

By reference to the report of the Municipal League meeting held the same night, we see that nominations were made, not by the voice of the members, but by a committee of *two*, one of whom is a clerk in a grocery store, has not been a citizen of Gainesville for more than five or six months, and who does not, so far as I know, own a dollar's worth of property in the city!

Why did not this Municipal League insert in their declaration of principles a plank favoring municipal ownership? Why did they not put in one endorsing the enforcement of the prohibition laws in the city? To ask these questions is to suggest their answers.

But another question that might be asked is not so easy. Why did they get funny and declare the League in favor of public improvements? Think of it, all you who have known him all these years, an organization in favor of public improvements and presided over by E. C. F. Sanchez! If that is not a huge joke, what is it? Mark Twain may as well quit trying to be funny. The Municipal League has got him beat a whole block.

The Municipal League is made up (1) of a small minority of good men, but who have not posted themselves as they ought on our municipal affairs, and are taking the word of designing men instead of investigating for themselves; (2) of the disgruntled, blind-tiger element; (3) of the element opposed to municipal ownership; (4) of those who want their cattle to pasture on our streets; and (5) of a few who are mad with and want to pull down every man more fortunate than themselves in accumulating wealth or happiness. It is to the first class that I write. I feel satisfied these good people will study the question and inform themselves fully and accurately before casting their ballots, and that when they come to vote they will vote for the best interests of the city. The personnel of the tickets amounts to nothing. It is what they respectively stand for that is worthy to be considered.

Very truly yours,
W. R. THOMAS.

THE HEALTHY STOMACH.

"We Never Know We Have a Stomach Unless Something is Wrong With It."

When you begin to realize that you have a stomach, it means that this organ is not in good condition, and it is reminding you of the fact.

Do not feel discouraged and miserable because of the presence of indigestion. It is the best thing in the world for you if you can only see it and give the stomach proper treatment.

Change the weak stomach to a healthy one by using Mi-o-na stomach tablets. This remedy is not a mere digestive, giving only temporary relief, but a combination of remedies that actually strengthen the stomach, excite the secretion of gastric juices and enable the digestive organs to care for food you eat in a natural, normal way.

By taking a Mi-o-na tablet before each meal you can enjoy a good dinner without distress and suffering, and you will never know that you have a stomach.

J. W. McCollum & Co. have sold a good many 50c boxes of Mi-o-na stomach tablets, and the more the remedy is used the more friends it has, for every box gives satisfaction. It is sold under an absolute guarantee that the money will be refunded should Mi-o-na fail to give satisfaction. J. W. McCollum & Co. take all the risk, and the remedy will cost you nothing unless it cures.

Accident to 'Squire Thomas.

As the result of an accident to C. A. W. Thomas, more familiarly known to his friends and acquaintances as "'Squire Thomas," that gentleman, who as a rule sells sewing machines and is a hustler, is incapacitated for a few days, and is laid up at his home with a lame foot.

'Squire Thomas met with this accident at Irvine, while he was on his last trip. He arose early in the morning, and upon entering the barn to feed his horses his foot came in contact with the sharp end of a pitchfork prong. Dr. J. L. Davis was summoned and dressed the wound, which did not seem at first serious, but which pained him to such an extent that he was compelled to return to his home.

The 'Squire's friends hope he will be enabled to resume his duties soon.

A Favorite Remedy for Babies.

Its pleasant taste and prompt cures have made Chamberlain's Cough Remedy a favorite with the mothers of small children. It quickly cures their coughs and colds and prevents any danger of pneumonia or other serious consequences. It not only cures croup, but when given as soon as the croupy cough appears will prevent the attack. For sale by all druggists.

Not a drop of Alcohol

Doctors prescribe very little, if any, alcoholic drugs. They prefer strong tonics and alteratives. This is all in keeping with modern medical science. It explains why Ayer's Sarsaparilla is now made entirely free from alcohol. Ask your doctor.

MEN ADMIRE

a pretty face, a good figure, but sooner or later learn that the healthy, happy, contented woman is most of all to be admired.

Women troubled with fainting spells, irregularities, nervous irritability, backache, the "blues," and those dreadful dragging sensations, cannot hope to be happy or popular, and advancement in either home, business or social life is impossible.

MISS EMMA RUNTZLER

The cause of these troubles, however, yields quickly to Lydia E. Pinkham's Vegetable Compound made from native roots and herbs. It acts at once upon the organ afflicted and the nerve centers, dispelling effectually all those distressing symptoms. No other medicine in the country has received such unqualified indorsement or has such a record of cures of female ills as has

Lydia E. Pinkham's Vegetable Compound

Miss Emma Runtzler, of 631 State St., Schenectady, N. Y., writes: "For a long time I was troubled with a weakness which seemed to drain all my strength away. I had dull headaches, was nervous, irritable, and all worn out. Chancing to read one of your advertisements of a case similar to mine cured by Lydia E. Pinkham's Vegetable Compound, I decided to try it and I cannot express my gratitude for the benefit received. I am entirely well and feel like a new person."

Lydia E. Pinkham's Vegetable Compound is the most successful remedy for all forms of Female Complaints, Weak Back, Falling and Displacements, Inflammation and Ulceration, and is invaluable in preparing for childbirth and the Change of Life.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. Her advice is free and always helpful.

NEWBRO'S HERPICIDE

BENEFITED

Miss Clutter's Hair

Read her letter about it:

"I herewith enclose you one of my latest photographs, which will show you what Newbro's Herpicide has done for my hair. Since using your remedy my hair is much longer than it was, and it has that lustre to it that one's hair always has when the scalp is in a healthy condition."

(Signed) MISS MADELINE CLUTTER.

Flat 210 Chicago, Illinois.

HERPICIDE

MISS MADELINE CLUTTER

The immense popularity of Newbro' Herpicide, particularly among the better class, is due to the fact that it never disappoints. It does all and more than is claimed for it.

Its delightful fragrance, perfect clearness and freedom from grease or oil, appeal to the discriminating, and its cleansing, refreshing and health-giving effect upon the scalp is immediately apparent.

Herpicide makes the hair light and fluffy and gives it a silken gloss.

Extraordinarily long hair is a gift of Nature that relatively few possess, but not many would complain if they could save Nature's head covering in its original beauty and luxuriance.

The dandruff germ is the greatest enemy of abundant hair. This is on account of the highly contagious nature of dandruff, which makes it almost impossible to escape the disease without the occasional use of a germ destroying solution.

Newbro's Herpicide is the ORIGINAL remedy that "kills the dandruff germ." It promptly eradicates dandruff, stops falling hair and, (except in chronic baldness) restores the hair to its former health and activity. Herpicide stops itching of the scalp almost instantly.

FIVE O'CLOCK TEA.

Delightful Function Given by Cadets to Two Visiting Young Ladies.

Cadets Corbett and Albertson were hosts at a most unique and delightful tea on Wednesday afternoon, immediately following dress parade.

The invitations were the handiwork of the hosts, being hand-painted. They were quite out of the ordinary, and caused much merriment to those fortunate enough to receive them. In common parlance, they were "awfully cute."

At "recall" the young ladies and cadets adjourned to Cadet Albertson's room, and after admiring it very much they were conducted to Cadet Corbett's room, where tea (Corbett's brew), cakes and candies were served in a way that quite captivated the fair guests and reflected much credit on the hosts.

Those who attended had nothing but praise for the young men, and as each guest departed they were presented with a pretty bouquet of violets or pansies.

The tea was given in honor of Miss Jane McClellan Gaitskill of Kentucky, visiting Miss Irene McCreary, and Miss Eliza Horton of South Carolina, visiting Miss Sue Simpson.

Those invited were Misses Gaitskill, Horton, McCreary, Simpson, Redding, Ce[illegible] Vandeventer, Walker and String[illegible]low, and Cadets Bryan, Graham, Thompson, Bouis, Gibbs, Stringfellow, and Capt. and Mrs. Cox.

The Times-Union is fortunate in securing the services of L. J. Brumby as editorial staff correspondent during the session of the Legislature at Tallahassee. Lou Brumby is one of the best writers in this country, and in addition to his versatility as a writer he is a good news-gatherer. He is fair and impartial in his reference to men and measures, and readers of The Times-Union can depend upon the correctness of his report of proceedings of the Legislature.

The story from Madrid of the bribing of some of the members of the United States Senate with Cuban bonds to declare war against Spain will not down. There should be an investigation, for the Madrid correspondent of London Telegraph asserts that he is able to confirm the story and says that the official proofs are in the national archives at Havana. The sum paid is said to be at least $6,000,000. Here is a chance for President Roosevelt to order a little muckraking done and punish the corruptionists by exposing them. The people will do the rest.

In at least one instance a serious blunder was made in codifying the general statutes of Florida. In 1899 a law was enacted making owners or operators of phosphate plants responsible for the loss of cattle in "bogs" caused by the washings from such plants. Under this statute it was held that the responsibility of the phosphate man ceased when he abandoned the mine, so in 1901 the law was amended as to make the owner of the land responsible after the mine was abandoned. In codifying the laws, however, the amendment of 1901 was omitted, and the result is that many cattle are lost in these "bogs" for which the owners cannot recover damages.

THE DROUGHT.

It seems that the drought, which has been long and continued, has not only affected this section, but has extended as a rule over the entire State, with the result that the damage has been great—in fact so great that it would be difficult to determine the hundreds of thousands of dollars it has cost the people of Florida.

While every branch of horticulture and agriculture has been affected, the stockmen are comparatively as heavy losers, as the ponds and branches have gone dry in many instances. A gentleman arriving in Gainesville from Levy county the other day reported that the cattle, in seeking water in the dried-up ponds, were bogging and dying in the bogs, being unable to extract themselves, as they become helpless when in this condition. This party states that especially in the Gulf Hammock section are the stockmen losing in this way, as it was reported more than fifty head of cattle met this fate within one week.

A report comes from South Florida, Polk county, bearing information that the orange trees, which were once strong and vigorous, show signs of decay on account of the long drought, as the leaves are becoming withered, instead of crisp and green, as is their natural state. The growers in that section are very much agitated over this condition of affairs, as many fear they will lose their groves if not relieved by rain in a short time.

As reported in The Sun of Friday, W. N. Wilson of this city, who owns a valuable grove at South Lake Weir, noticed several days ago that his trees were going backward. He acted in the matter promptly by means of refreshing them with water, and trusts to bring them back to their natural state. Mr. Wilson has employed a number of teams to haul water, and proposes to distribute between 4,500 and 5,000 barrels through the grove.

Reports indicate that the farmers and truckers, with the possible exception of the lower East Coast, have all suffered greatly, as their crops have been seriously retarded, not only in season, but in prolificness. The drought will cost the people of Florida, directly and indirectly, hundreds of thousands of dollars.

This has been the longest continued drought for many years, according to the statement of the oldest citizens. This section has had virtually no rain since September of the past year, a season of at least six months. To make matters more discouraging to the farmers the weather continues clear, and there seems no indication of a rain of any consequence.

A BUSINESS INSPECTION.

The committees from the Commercial Clubs of Boston, Chicago, Cincinnati and St. Louis, after inspection of the Panama Canal work, declare that the steam shovels are only working to 50 per cent of their capacity, because the car supply is inadequate. They think the labor force is efficient, but the complaints against the food furnished they found to be well founded. This hardly agrees with what was reported as seen through President Roosevelt's glasses. Why there should be a shortage of cars is beyond comprehension, for the commission has had more money than it could use, and years to get the necessary equipment. It almost makes one think there has been a conspiracy to hinder the work.

No one can complain that the people are not interested in great national, even international questions. In the campaign in the eighth Congress district of Virginia the principal issue is whether this country should sell the Philippine Islands. It is to be hoped that this question, so vital to the interests of that district, will not be permitted by the party to embroil the country in war.

BLOCKHEADS IN SCHOOL.

The Punta Gorda Herald says:

"The Tampa Tribune satirizes Prof. Tom McBeath, of The Florida School Exponent, for saying that there are many children who should not be sent to school after they have acquired the rudiments of a practical education, but should be put to work learning some useful and profitable trade.

"Prof. McBeath is right. We know from an experience both as pupil and teacher extending through twenty years that there are many children whom nature has not endowed with brains enough to acquire what might be called an intellectual education. They are capable of grasping the elementary studies, such as spelling, reading, writing and the simpler parts of arithmetic, but beyond that they can accomplish nothing. They may learn in the concrete, but they cannot grasp the abstract.

"They cannot be taught the mechanism and operation of a locomotive by lectures and drawings, but they may learn these things from actual practice with the machine. Nor can they learn agriculture by theory alone.

"Hence, if we find in the public school children, who, having acquired the essential rudiments, are mentally unable to progress further, it is but justice to them to take them out and give them practical training in some art or industry for which they may manifest an aptitude. Thus our multitude of factories and legions of machines may be supplied with capable hands, without brilliant brains and accomplishments, to keep them in operation.

"Idleness among children is the fruitful progenitor, so to speak, of loafers, gamblers et id omne genus. Keep them busy and give them no time to learn and perpetrate mischief. That's the best policy for all concerned.

"We don't mean that they should be worked to death. Of course not. But give them useful employment, that for which they are best suited, and pay them for it to inspire their pride and ambition by the knowledge that they are earning something. And give them time to play and see that their plays are wholesome and proper. Let them go to all the shows and picnics that come along.

"Train them socially as well as practically, but let us quit wasting our efforts in an attempt to force a liberal education on children who are incapable of acquiring it and whom God has designed for those pursuits in which it is not needed."

WORMS

"I had for years suffered from what medical men called Dyspepsia and Catarrh of the Stomach. In August I purchased a box of Cascarets and was surprised to find that I "had 'em"—yes—a wiggling, squirming mass left me. Judge our doctor's surprise when I showed him thirty feet, and in another day the remainder (about the same length) of a tapeworm that had been sapping my vitality for years. I have enjoyed the best of health ever since. I trust this testimonial will appeal to other sufferers."

SCROFULA A FAMILY BLOOD TAINT

Scrofula is not a disease that is acquired, under ordinary circumstances. It is a deep-seated family blood taint, handed down from generation to generation, blighting the lives and sapping the vital forces of innocent persons who have inherited this legacy of disease. Parents who are blood relations or who have a consumptive tendency, or blood disease of any character, are sure to transmit it to their offspring, and it usually takes the form of Scrofula. Swollen glands, brittle bones, weak eyes, sores and eruptions on the body, Catarrh, and often deformities with hip disease, are the principal ways in which the trouble is manifested. In some cases the blood is so filled with scrofulous germs and poisons that from birth the sufferer is an object of pity because of suffering and a total lack of health, while in other instances favorable surroundings and prudent living hold the disease in check until later in life. A deep-seated blood disease like Scrofula can only be reached by the very best constitutional treatment. A remedy is required that can renovate the entire blood supply and drive out the scrofulous and tuberculous deposits. S. S. S. is the greatest of all blood purifiers; it goes to the very bottom of all blood disorders and removes every taint and poison from the circulation, makes rich, healthy blood and cures Scrofula permanently. S. S. S. supplies the weak, diseased blood with the rich, health-sustaining properties it is in need of, and makes this life stream fit to supply every part of the system with strength and vitality. Scrofula yields to S. S. S. because it is a natural blood purifier. Write for book on the blood and any medical advice desired. No charge for either.

A FINE RECOMMENDATION.

City Officials of Brunswick, Ga., Tell of Ben T. Arnow's Ability.

State of Georgia, County of Glynn, City of Brunswick.

Know all men by these presents, that we, Lewis W. Beach of said State, City and County, and Robt. Levison, also of said State, City and said County, do hereby certify:

That during the latter part of the year 1899, and the first part of the year 1900, we were respectively Chief of Police, and Assistant Chief of Police, or Marshal, and Assistant Marshal, as some term it, of the City of Brunswick, Georgia, in said State and County; the said Lewis W. Beach being Chief of Police, and the said Robt. Levison being Ass't Chief of Police. That during those years, they knew Ben T. Arnow, and that he served under them as a policeman in the employ of the City of Brunswick. That the said Ben T. Arnow was a good, fearless, honest, true, faithful and efficient member of the police force, for and during all the time that he served under them during those years. That they can truthfully and they do recommend him for the position of Marshal so far as they can judge of the qualifications for that office, and they say that from all they know of him, that he will fill that position in a capable and efficient manner.

LEWIS W. BEACH,
ROBT. LEVISON.

To the Citizens of Gainesville:

Having given to you the above recommendation, showing my experience as a public official, will state that I served on the police force in Brunswick, Ga., when I was only twenty years of age, and I promise you that if elected I will carry out and enforce all the laws that fall to the duty of the Marshal that any honest and competent man should or could do.

BEN T. ARNOW.

Tetter, Salt Rheum, Itch, Blind Worm, Herpes, Barbers' Itch.

These diseases are attended by intense itching, which is almost instantly relieved by applying Chamberlain's Salve and by its continued use a permanent cure may be effected. It has, indeed, cured many cases that had resisted all other treatment. Price 25 cents per box. For sale by all druggists.

Reward for Incendiary.

Atlanta, March 23.—Governor Terrell has offered a reward of $100 for the arrest with proof to convict of the unknown person who on March 14. set fire to and burned the barn and stables belonging to W. D. Thorpe in Fulton county. Several horses and mules were destroyed in the fire.

Found at Last.

Mr. Harmon, of Lisemore, West Va., writes: "At last I have found the remedy that never disappoints me; for the benefit of others afflicted with sluggish liver and chronic constipation, I will say, take Dr. King's New Life Pills." Guaranteed satisfactory. Sold by druggists'.

Peasant Movement Spreading.

Vienna, March 23.—According to the news received Friday in Budapest from Maldavia, the peasant movement in Roumania is spreading. The town of Dorogoi has been sacked and burned by the peasants. The inhabitants were compelled to flee for their lives. At Cucuteni, where many Hungarians live, a fight occurred between the Hungarian and Roumanian inhabitants. Four Hungarians are reported killed and thirty wounded. Fourteen peasants were killed in a collision with troops at Belgeetie, while in Fokshanu the people are in revolt against the authorities. The village of Sulice was destroyed by peasant rioters. The fate of the inhabitants is not known.

Always Keeps Chamberlain's Cough Remedy in His House.

"We would not be without Chamberlain's Cough Remedy. It is kept on hand continually in our home," says W. W. Kearney editor of The Independent, Lowry City, Mo. That is just what every family should do. When kept at hand ready for instant use, a cold may be checked at the outset and cured in much less time than after it has become settled in the system. This remedy is also without a peer for croup in children, and will prevent the attack when given as soon as the child becomes hoarse, or even after the croupy cough appears, which can only be done when the remedy is kept at hand. For sale by all druggists.

Reward for Murderer.

Atlanta, March 23.—Governor Terrell has offered a reward of $250 for the aresrt and delivery to the sheriff of Gordon county of the negro fiend who on Monday night last attempted to assault Mrs. James Tolbert at Fairmount, Ga., and murdered her 2-year-old child. The reward was offered in response to requests which came from Gordon county.

A Baby

Should be sunshine in the home, and will be if you give it White's Cream Vermifuge, the greatest worm medicine ever offered to suffering humanity. This remedy is becoming the permanent fixture of well regulated households. A mother, with children, can't get along without a bottle of White's Cream Vermifuge in the house. It is the purest and best medicine that money can buy. Sold by W. M. Johnson.

Negro Is Found Dead in Road.

Cartersville, Ga., March 23.—A negro by the name of Sam Rollins was found dead in the public road, 3 miles north of this city. His throat was cut and his body badly mutilated.

WRONG NEGRO WAS CAPTURED.

Entire County Being Scoured for the Assailant.

Cartersville, Ga., March 23.—The entire country is being searched by many posses to find the negro who made the attack upon Mrs. Tolbert and killed her little baby at Fairmont.

It was reported Thursday afternoon that the negro had been captured.

The news spread throughout the county that the negro had been captured, and men poured into the city from everywhere. It was a determined looking crowd who gathered.

Later it developed that the negro caught was not the one who had committed the crime, and he was turned loose.

A number of negroes have been arrested, and among the number may yet be discovered the one who assaulted Mrs. Tolbert and murdered her baby.

This entire section of the state is aroused, and in every nook and cranny men are hunting for the negro, who, if caught, will very likely be dealt with summarily.

The negro whom it was thought had committed the crime was caught five miles from Cartersville, in the hills, near the Etowah river.

Another negro was caught at Rome who was also suspected. He gave his name as Cornelius Menefee, and his home as Winchester, Tenn.

The negro was arrested at the Southern railway passenger station and acted so queerly that Policeman Logan had him sent to police headquarters.

Listen

And remember the next time you suffer from pain—caused by damp weather—when your head nearly bursts from neuralgia—try Ballard's Snow Liniment. It will cure you. A prominent business man of Hempstead, Texas, writes: "I have used your liniment. Previous to using it I was a great sufferer from rheumatism and neuralgia. I am pleased to say that now I am free from these complaints. I am sure I owe this to your liniment." Sold by W. M. Johnson.

Gained by Curious Compromise.

Madrid, March 23.—It is stated here that the consent of the pope to officials as god-father to the expected heir to the Spanish throne was gained by a curious compromise. King Alfonso had proposed to provide his mother-in-law, Princess Henry of Batteberg, with an Angelican chapel in El Pardo palace, where she could hear the English church service at home. The plan was forbidden by the pope. This annoyed the king, and it was to alleviate this chagrin that the intimation came from the pope that he would stand as sponsor.

Don't Complain

If your chest pains you and you are unable to sleep because of a cough. Buy a bottle of Ballard's Horehound Syrup, and you won't have any cough. Get a bottle now and that cough will not last long. A cure for all pulmonary diseases. Mrs. J—, Galveston, Texas, writes: "I can't say enough for Ballard's Horehound Syrup. The relief it has given me is all that is necessary for me to say." Sold by W. M. Johnson.

Want Slave Trade Stopped.

Tangier, March 23.—A communication has been sent to the sultan by the foreign representatives requesting that the slave trade in Morocco be stopped. The communication is in accordance with representations made by Sir A. Nicholson at the Algeciras conference and supported by all the powers.

Alice Roosevelt's Wedding

Was something to be recorded in the annals of history. Herbine has been acknowledged the greatest of liver regulators. A positive cure for bilious headaches, constipation, chills and fever, and all liver complaints. J. C. Smith, Little Rock, Ark., writes: "Herbine is the greatest liver medicine known. Have used it for years. It does the work." Sold by W. M. Johnson.

Gen. Wint Buried at Arlington.

Washington, March 23.—Funeral services for the late Brigadier General T. J. Wint, U. S. A., who died Thursday at Philadelphia, will be held Monday morning at Arlington, the national cemetery, where the burial will take place.

Worked Like a Charm.

Mr. D. N. Walker, editor of that spicy journal, The Enterprise, Louisa, Va., says: "I ran a nail in my foot last week and at once applied Bucklen's Arnica Salve. No inflammation followed; the salve simply healed the wound." Heals every sore, burn and skin disease. Guaranteed at all drug

Charleston Is Urged as Port.

Birmingham, Ala., March 23.—In an interview given out here Dr. J. R. McMullen, of Gadsden, Ala., strongly advocates the concentration of all southern energies for the present upon Charleston as the southern immigration port. He also discussed with enthusiasm the project to establish a trans-Atlantic line of steamers from that port.

G.B.Burhans Testifies After Four Years

G. B. Burhans, of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." J. W. McCollum & Co.

Steamer Runs Ashore.

New Orleans, March 23—The Morgan line steamer Excelsior, from Havana for New Orleans, with passengers and general cargo, ran ashore during a fog Thursday night outside of South Pass, east of the Jetty Light at the mouth of the Mississippi river. A tug has been sent from New Orleans to get her off. The vessel was not damaged.

Saved Her Son's Life.

The happiest mother in the little town of Ava, Mo., is Mrs. S. Ruppee. She writes: "One year ago my son was down with such serious lung trouble that our physician was unable to help him; when, by our druggist's advice I began giving him Dr. King's New Discovery, and I soon noticed improvement. I kept this treatment up for a few weeks when he was perfectly well. He has worked steadily since at carpenter work. Dr. King's New Discovery saved his life." Guaranteed best cough and cold cure by all druggists. 50c and $1.00. Trial bottle free.

Wins Steeplechase Cup,

Liverpool March 23.—The grand national steeplechase of 3,000 sovereigns for 5 year olds and upwards, was out 4 miles and 856 yards, was run at the Liverpool spring meeting Friday and won by Stanley Howard's Eremon. Tomas was second and Pat Landers Third. Twenty-three horses started.

Dangers of Pneumonia.

A cold at this time if neglected is liable to cause pneumonia which is so often fatal, and even when the patient has recovered the lungs are weakened, making them peculiarly susceptible to the development of consumption. Foley's Honey and Tar will stop the cough, heal and strengthen the lungs and prevent pneumonia. Lagrippe coughs yield quickly to the wonderful curative qualities of Foley's Honey and Tar. There is nothing else "just as good." J. W. McCollum & Co.

Rifles to Bombard Balloon.

Berlin, March 23.—Interesting experiments in gunfire against balloons and airships are soon to be conducted uunder the supervision of the war department. The airships to be held captive at distances ranging from 3 to 9 miles off Dantzig, and will be bombarded by coast rifles.

Afflicted With Rheumatism.

"I was and am yet afflicted with rheumatism," says Mr. J. C. Bayne, editor of The Herald, Addington, Indian Territory, "but thanks to Chamberlain's Pain Balm am able once more to attend to business. It is the best of liniments." If troubled with rheumatism give Pain Balm a trial and you are certain to be more than pleased with the prompt relief which it affords. One application relieves the pain. For sale by all druggists.

LA GRIPPE

Pneumonia follows La Grippe but never follows the use of

FOLEY'S Honey and Tar

It stops the Cough and heals the lungs. Prevents Pneumonia and Consumption.

Mr. G. Vaughn, of 197 Osgood St., Chicago, writes: "My wife had la grippe and it left her with a very bad cough on her lungs which Foley's Honey and Tar cured completely."
